

SIMPLE RULES FOR BIG TIRE MILEAGE

Increased tire mileage is one of the most important questions to the automobile owner," says E. G. Vestal, special representative of the Knight Tire and Rubber Company, of Canton, Ohio, who is spending several weeks in touring the state with one of Lowe Rubber Company's salesmen in the interest of the popular Blackstone tire made in non-skid type only, and sold at price of ordinary plain tread. If you want to secure maximum service from your tires, no matter what make they may be, observe the following simple rules:

Keep proper inflation—it's tire insurance. Repair small cuts at once. See that wheels are in alignment. See that both brakes work in unison. Don't run on deflated tires. Beware of oil and grease. Utilize spare moments examining rims and tires. Keep rims free of rust. Watch your overloads, they mean blowouts, and remember that most tire troubles start and end from lack of enough air pressure. By following the above suggestions you will increase your bank account by saving tire expenses.

STUDEBAKER ADDS TO FACTORY SPACE

Contracts have been let by the Studebaker corporation for construction work that will add 48,000 square feet to the floor space of the Detroit Studebaker factories.

An extra floor, 50x200 feet, is to be added to one of the three-story buildings at present used as a warehouse for materials, so that the Studebaker plants may be even better prepared than before to stock up on materials in advance of immediate needs.

The second piece of construction is a one-story building to be used in connection with final assembly work. This structure will occupy 25,000 square feet of floor space.

Work on the new additions has been started and is being hurried to completion as fast as possible.

MECHANICALLY GOOD IS NEW KISSEL-KAR

"The goal sought was the production of a model so mechanically good at a flat price so low, that there could be no dispute as to its superior value." This statement appears in one of the very interesting pieces of advertising literature just issued by the Kissel Auto Company, and although similar statements have been made by several other manufacturers this season, the local Kissel agents, George H. Reuben and Alvin B. Smith are ready to convince anyone that in reality it fits their car better than any other. The particular car referred to is the Hundred Point Six, which in the hands of buyers has already demonstrated its superiority and all Kissel agents are of the opinion that the Hundred Point Six will place the Kissel reputation at a still higher point even as the first radical Kissel invention, the All-Year car made a great popular impression.

Even Money on Springs Bout

Champ and Challenger Ease Training

[Republican A. P. Leased Wire]

COLORADO SPRINGS, Colo., Sept. 2.—Freddie Welsh and Charley White finished their preparatory work today for their 20-round championship battle next Monday afternoon. Neither did more than was necessary to keep him limbered up. From now until they appear in the ring on Labor Day, both champion and challenger will take it easy, taking only sufficient exercise to keep from getting stiff.

While no official weights have been announced, the fighters say that they will have no trouble making the required 135 pounds at 9 o'clock on the morning of the fight. The physician of the Colorado Athletic Club will give them a thorough physical examination tomorrow.

LORD CAUTRY BUYS AJO COPPER CLAIMS

A notable transaction in the district this week is the sale of mining claims by Wm. Gillard, of Ajo, to the Lord Cautry interests, represented by W. A. Batson, of Tucson. The purchasers are well known, being large Oklahoma oil operators controlled and directed by Lord Cautry.

The claims included in the sale form a group adjoining the South Cordoba company's ground, and are known as the Bluebird and Bluebird No. 1, Jumbo and Jumbo Nos. 1, 2 and 3. The sale price of the property was \$55,000, \$25,000 cash and the balance in payments extending sixteen months.

The new holders intend starting development work within 30 days and will diamond drill the property, though the number of holes to be put down has not yet been decided upon. It is supposed that the E. J. Longyear company will do the drilling.

The property contains ore showing of silver and gold, but will be worked as a copper proposition, that metal being predominant.

The sale was made through A. Donald Mitchell of Ajo, who had examined and reported on the property.—Ajo Copper News.

Coast League

First Game: R. H. E.
Los Angeles 13 10 1
Portland 4 9 3
Batteries: Hogg and Boles; Loudermilk Hagerman, Higbee and Roche, O'Brien.

Second game: R. H. E.
Los Angeles 2 5 0
Portland 9 14 2
Batteries: Standridge, Scoggins and Boles; Kelly and Roche.

At Los Angeles—R. H. E.
Oakland 2 3 2
Vernon 5 10 0
Batteries: Crandall and Vann, Hess and Whaling.

At San Francisco—R. H. E.
Salt Lake 6 4 1
San Francisco 2 11 1
Batteries: Hoff and Hannah, Batim, Couch, West and Brooks, O'Brien.

[Republican A. P. Leased Wire]

Billy Roche, of New York, who will referee the bout, arrived this evening, and will go over the rules with both the principals so that there will be no misunderstandings later. As both men are veterans at the game it is expected that this will be a mere formality.

Trains in large parties which will bring in tonight are expected to begin tomorrow and continue up to the hour of the battle. Both fighters are being strongly supported and unless there is a show of Welsh money it does not appear that any odds will be offered and the men will enter the ring on an even basis.

W. I. Reilly of the Colorado Springs Athletic club, was appointed official timer this afternoon.

MURRAY DEFEATS CHURCH IN BIG TOURNEY UPSET

[Republican A. P. Leased Wire]

FOREST HILLS, N. Y., Sept. 2.—R. Lindley Murray, a graduate of Stanford University and now a resident of New York, furnished the first form upset of the 34th annual national singles tennis tournament here today by defeating George M. Church of Tenafly, N. J., in one of the best court battles seen in the greatest of all American tennis tournaments in many years. Church had been the ruling favorite to win the title. Murray won in close to two hours of the fastest kind of play, 3-6, 4-8, 6-2, 6-4, 6-4.

The match came as a climax to an otherwise comparatively dull round. Previous to the appearance of Murray and Church, Clarence J. Griffin of San Francisco disposed of Walter P. Johnson of Philadelphia, 6-4, 6-2, 6-2. William M. Johnston of San Francisco accounted for Watson M. Washburn of New York, 6-2, 6-2, 7-5. The one eastern representative to win his way into the semi-finals, R. Norris Williams II of Philadelphia, beat Douglas S. Walters of New Orleans, the southern champion, 3-6, 6-1, 6-1, 6-2.

Church and Murray started their match after four o'clock. Church, number 9 in American lawn tennis ranking for last season, drew the service. Across the net his opponent, who has played in but one or two of the more prominent tournaments this year, was not even ranked because of the lack of playing data at the end of the 1915 season. It was evident from the beginning that the spectators expected Church to win. The battle so aroused the spectators that their cheering and applause disconcerted the players and a special request was made that the gallery refrain from applauding until the completion of rallies.

Western League

HOVLIK HOLDS GRIZZLIES

[Republican A. P. Leased Wire]
DENVER, Sept. 2.—Denver was unable to score on Hovlik after the first inning today and St. Joe won 6 to 1. Score: R. H. E.
St. Joe 010 011 021—6 11 3
Denver 100 000 000—1 7 2
Batteries: Hovlik and Fuesner; Irion and Stevens.

Lincoln's Error Costly
LINCOLN, Neb., Sept. 2.—The single error by Lincoln was costly in today's game permitting Omaha to win.

Score: R. H. E.
Lincoln 000 000 000—2 5 1
Omaha 000 030 000—3 6 2
Batteries: Gardner and Rohrer; Merz and Krueger.

SIoux EASY PICKING

SIoux CITY, Sept. 2.—Des Moines easily won from Sioux City today by a score of 14 to 4. Score: R. H. E.
Des Moines 0 0 320 402—14 17 1
Sioux City 100 021 000—4 12 2
Batteries: Musser and Spahr; Grover and Crosby.

TOPEKA WINS TWO

TOPEKA, Kas., Sept. 2.—The locals took both ends of a double header from Wichita today by safe margins. First game: R. H. E.
Wichita 130 010 000—5 9 1
Topeka 000 200 000—9 14 3
Batteries: Koestner and Gray; Hendry and Allen.

CAMPFIRE WINS

[Republican A. P. Leased Wire]
NEW YORK, Sept. 2.—By winning the rich Belmont park race track today, Richard L. Wilson's chestnut colt, Campfire, by Gambale out of Nightfall clinched his right to the 2-year-old crown as he cleverly demonstrated that he is the champion youngster of the year. Carrying the ten weight of 135 pounds with Johnny McGarrity, Campfire won by half a length from H. P. Whitney's Pickety, with H. H. Hewitt's Skindle third, two lengths away. The winner's time was 1:13.4.5 and the value of the stakes was \$39,950, of which the winner's share \$17,240, went to Owner Wilson. Second money amounted to \$3,368 and \$1,133 went to the third horse.

YOAKUM GETS DECISION

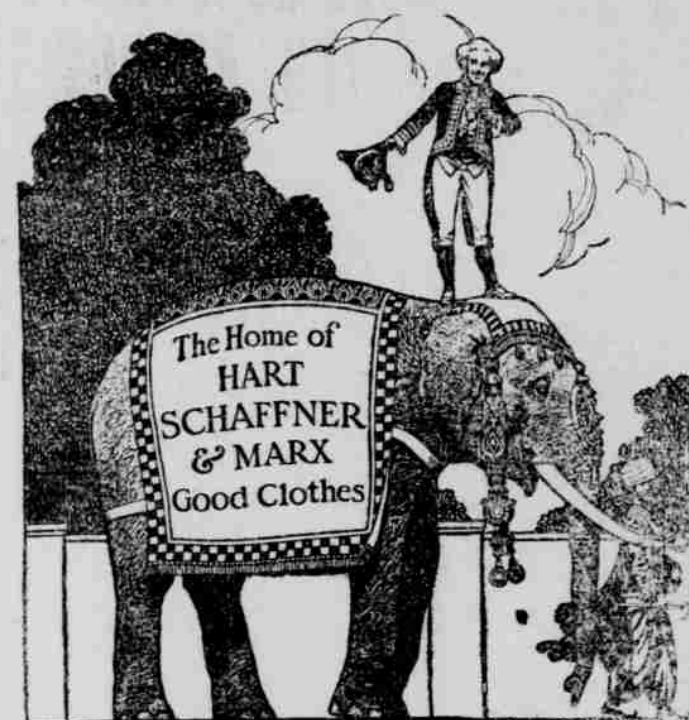

COLORADO SPRINGS, Colo., Sept. 2.—Sterley Yoakum of Denver, was awarded the decision over Matty Smith, of Racine, in the eleventh round at the Ramona Athletic Club tonight. The fight was even up to the seventh. From the seventh on Yoakum was the aggressor and Smith's seconds threw a towel into the ring in the eleventh to save their man from a probable knockout.

Personal Use

Any of you men who want to select the fabric and style you want for your fall and winter suit, just come in and get measured for a suit to be made in the Custom Department of Hart Schaffner and Marx. For your "personal use" these Custom suits are sure to satisfy.

of not less than six months nor more than nine months, in the discretion of the commission, and within thirty days thereafter such commission shall report its findings to the president and congress; that each member of the commission created under the provisions of this act shall receive such compensation as may be fixed by the president. That the sum of \$25,000 or some such thereof as may be necessary be, and hereby is, appropriated out of any money in the United States treasury not otherwise appropriated for the necessary and proper expenses incurred in connection with the work of such commission, including salaries per diem, traveling expenses of members and employees and rent, furniture, office fixtures and supplies, books, salaries, and other necessary expenses, the same to be approved by the chairman of said commission and audited by the proper accounting officers of the treasury.

RAILWAY HEADS RELIEVED WHEN STRIKE IS OFF

(Continued from Page One)

a conference of attorneys for all of the railroads will be called soon to discuss action on the Adamson bill. "This conference probably will determine our course of action," he said.

Modern penal servitude is now down to such a fine point that ball players, film dramas and convicts are the only things left commonly to be released.

CHILD LABOR LEGISLATION IS NOT HIS OWN

(Continued from Page One)

we deal with a great and powerful state? Do we dictate who shall be candidates of great and powerful states? What is the use of talking about treating small and weak states in the way in which we treat great states when we depart from principles and get ourselves involved in serious difficulties by the departure when we attempt to control Mexican politics instead of adopting the straight course of protecting the lives and property of American citizens?

Mr. Hughes' address in the Coliseum was the third he made today. The first was made at non-partisan luncheon gathering of business men. Mr. Hughes, addressing a non-partisan gathering of bankers, manufacturers and other business men at luncheon here today, declared that if elected he proposed, so far as he could, to open the door of opportunity to honest American achievement.

chairman. In outlining his views on a protective tariff, Mr. Hughes said that in framing such a measure he would want to know the chief facts affecting the business interests involved, notably the cost of production here, the wage scale, the hours of labor, the cost of production abroad and other conditions under which the commodities involved were produced in this country.

Immediately after his luncheon address, the nominee motored to Clay-ton, a suburb, where he made an open-air address at the court house.

Black Squegee Tread Red Side Walls

Upkeep Comes A-Tumbling

Everybody is after old Mr. Upkeep.

Catching and swatting him has certainly become the national pastime. What an army there is after him—2,000,000 automobile owners, thousands of auto and tire and accessory manufacturers. In fact if Uncle Sam has anybody "on the carpet" in his front office we should say it was Mr. Upkeep.

And almost in the same breath we should say that one of Uncle Sam's chief weapons of defense would be

Diamond Tires

"VELVET RUBBER" BLACK SQUEEGEE TREAD RED SIDE WALLS

First cost, last cost, and cost for every mile that's in between—they are mighty comfortable protectors against Upkeep. They are made of "Velvet Rubber" that wears, and wears, and wears. Get acquainted with them now. Put them on your car for 1916 and besides the pride and satisfaction their appearance will arouse, you will find they'll cut your tire upkeep into fractions.

We have your size in stock.
